**PAYMENT SCHEDULES, ABSENCES, AND WITHDRAWAL**

Payment for the After School Care Program must be prepaid on either a weekly, bi-weekly or monthly basis. If receiving CCDF Tuition Assistance, any increase or decrease in household income must be reported immediately. Those who elect to pay weekly must adhere to the pre-payment plan of paying on a Friday for the upcoming week. Initial payment must be paid at time of registration. Please remit all tuition payments including cash payments to the **Chitimacha Tribal School**.

Make checks, money orders, and cashier's checks payable to the **Chitimacha Tribe of Louisiana**. When making a payment in cash, exact change is requested. A \$25 fee will be assessed to all NSF checks. Should we receive an NSF check, only cashier's checks, money orders and cash will be accepted. You will have seven (7) days to correct your account. After seven (7) days your account will be considered delinquent, and your child will not be able to attend until the account is updated.

We cannot credit you with absences since your child's place is reserved for him/her and our expenses continue although he/she is not present. For example, if your child is sick and is required to stay home, or if your family decides to go on a weeklong vacation, you will still be required to pay tuition for that particular day or week.

2022-2023  
AFTER SCHOOL CARE PROGRAM  
Policies & Procedures

**GUIDANCE POLICY**

Our goals are to help children learn acceptable behavior and develop inner controls. When redirecting or guiding a child's behavior, the age, intellectual development, emotional make-up, and past experiences will be considered, and consistency will be maintained in setting limits for each child.

The staff will implement the following guidance techniques:

- Give guidance as needed but try not to interfere in a child's activity.
- Take action, when necessary, if the child's activity is endangering him/her, another child or property.
- Be positive in word and attitude when you must maintain limits.
- Be kind, matter of fact and composed at all times.
- Offer choices when possible.
- Refrain from discussing a child in his or her presence.
- Avoid labeling a child (positive and negative) or shaming a child.
- Tickling or throwing children up in the air are not appropriate to our goal of child-initiated play in a safe, secure environment.

**DISCIPLINE POLICY**

All After School Care Employee practice positive methods of discipline. The following methods of discipline are prohibited. Any use of the described practices shall be grounds for immediate termination of staff. All parents and staff are provided with a copy of our After School Care Policy.

- No child shall be subject to physical punishment, corporal punishment, verbal abuse or threats by staff, substitutes, and/or parents while in the care of After School Care Program.
- Prohibited actions include but are not limited to yelling, slapping, spanking, yanking, shaking, pinching, requiring a child to exercise, placing a child into uncomfortable positions, exposing a child to extreme temperatures and other measures producing physical pain, putting anything in a child's mouth, abusive or profane language including telling a child to shut up
- No child shall be subject to cruel, severe, unusual, or unnecessary punishment.

2022-2023  
AFTER SCHOOL CARE PROGRAM  
Policies & Procedures

- Derogatory remarks must never be made in the presence of children about family members of children or about the children themselves.
- Unsupervised isolation of a child is never allowed. Time out or time alone, if used, shall take place within sight of the After School Care Provider. The length of each time out session shall not exceed ten (10) minutes.
- A child is never to be physically restricted in any way unless his or her actions would bring harm to self or others.
- No child or group of children shall be allowed to discipline another child.
- No child or group of children shall be allowed to bully another child.
- The withholding of food, including snacks, water, a nap or rest, or bathroom facilities shall never be used as punishment for a child. An adult should never address a child harshly, with intimidation or ridicule.
- Adults are never to discuss a child's behavior with another adult in the presence of the child or other parents. Written or verbal reports to parents regarding conflicts or disagreements between children shall not include the name of the child who hit or pushed their child.

All After School Care staff shall maintain a safe, non-threatening environment. Additionally, the staff shall foster creativity, encourage children to explore, and allow them to make discoveries. We also set limits and encourage self-discipline since children need boundaries to develop a sense of security.

To enforce the boundaries and rules at the center, the adults use the following techniques with the children:

- Clear statement of the limit. ("Put the block down.")
- Stating expectations positively. ("The blocks are for building.")
- Redirection. ("Let's go see what Eric is drawing on his art project.")
- Supporting problem-solving and negotiation between the children. ("How could you use your words to tell Caitlin that you would like to have a turn with that toy?")
- Logical consequences or choices. ("You are having trouble playing with the blocks without throwing. I need you to choose another place to play.")
- Modeling effective ways to express feelings and emotions. ("I do not like it when you grab the book from my hands. Please tell me that you would like to see it.")

2022-2023  
AFTER SCHOOL CARE PROGRAM  
Policies & Procedures

There are times when all of the above techniques, which are appropriate to the situation, have been tried and the problem continues. It is at these times that we might ask a child to sit quietly by himself/herself until that child can return to play appropriately. In cases of a repeated behavior pattern, After School Care Providers are advised to contact the Lead After School Care Provider to handle such matter. We do not have a “time-out” place and this alone time is not seen as a punishment. Rather it is seen as a time to regroup. Even as adults, we sometimes need time alone to “pull ourselves together.” Children also need this, especially when they have been in a group situation most of the day.

After all discipline techniques have been exhausted and problematic behavior continues, a child may be suspended from After School Care for 1-3 days. If the behavior continues, your child may not be able to return to After School Care for the remainder of the school year.

### **SUPPLIES**

A checklist of supplies is attached to the After School Care Program Enrollment Application. Supplies may be submitted at time of registration.

### **TOYS**

Activities will be coordinated for each day; therefore, we encourage children to leave toys at home.

### **CLOTHING**

The Chitimacha Tribal School has video cameras and video equipment that records the daily activities throughout the facility. These video recordings are conducted for the protection of the children and staff. If an incident occurs at the facility and the parent/guardian wishes to view the surveillance recording of the incident, the parent/guardian shall complete a ***Request to View Recorded Surveillance Form*** to schedule a date and time for viewing. Once the request is received, the Program Administrator and the Principal shall first view the surveillance recording to determine if the incident occurred within range of the cameras and can be viewed. They will also make certain the footage does not compromise the privacy of another child. Since there is no audio recording, the Program Administrator and the Director will meet with the staff on duty at the time of the incident to explain what occurred and answer questions about the incident. The principal will then contact the parent/guardian and set up a meeting to discuss the surveillance recording and, if appropriate, allow the parent/guardian to view the footage.
